

GARDEN OF HOPE

FOUNDATION

2020 ANNUAL REPORT

ABOUT US

Garden of Hope Foundation is a Non-governmental Organization that is passionate about restoring hope to underserved children, adolescent boys and girls, youth and women from urban slums and rural communities through providing mentorship, leadership and youth/women empowerment.

VISION

To become the premier youth entrepreneurship and leadership development organization in urban slums and rural communities

MISSION

To create sustainable, social and economic stamina for youth, women and children in urban slums and rural communities

OUR PROGRAMMES

• *Entrepreneurship*

Entrepreneurship program seeks to promote a culture of entrepreneurship among the youth through training, mentorship, and support for enterprise development. The program works with both in-school and out of school youth who are passionate about entrepreneurship, and are in need of skills development and support, necessary for the establishment and expansion of viable enterprises.

The program also seeks to improve the livelihoods of women in urban slums and rural communities by equipping them with skills in entrepreneurship, small business and basic financial management.

- 42 youths equipped with skills in entrepreneurship, photography, basic computer and journalism
- 4 income generating projects pitched for funding
- 8 women with small businesses in Kibera equipped with skills in entrepreneurship, small business and basic financial management

• **Mentorship**

The Mentorship program aims at equipping adolescent boys and girls with basic life skills that would enable them handle their daily challenges and make healthy choices in their lives. We also conduct Menstrual Hygiene Management training in all schools. This is aimed at letting no girl miss school due to their menstruation and for boys and men to know their role in menstruation matters.

- 253 adolescent boys and girls equipped with basic life skills to enable them make healthy choices
- 14 secondary school students awarded partial scholarship to support their education

• Leadership

Leadership program seeks to nurture the leadership skills and abilities of young people, with the aim of empowering them to become change-makers in their communities, drive development agendas with different stakeholders at local and national level and actively participate in and initiate development initiatives in their communities.

• **COVID-19 Response**

- 124 households provided with one-week food basket
- 10 families with persons living with disability supported with one-month house rent
- 44 hand washing stations set up in Kibera serving over 10,000 people daily
- 10 high school students offered tuition on Biology, Chemistry, Mathematics, Business studies, English, Christian Religious Studies and Kiswahili subjects during the closure of schools due to covid-19 pandemic
- 1,262 women and girls trained on menstrual hygiene management and provided with sanitary towels

Thank you for partnering with us
